

Dawson's Landing Phase 6

NEW HOME BUYER TREE PROGRAM

TERMS AND CONDITIONS

- The \$1500.00 value voucher will be issued to the purchaser(s) once the home sale has become firm, all conditions are released, and the purchaser has taken possession of their home.
- Vouchers expire two years from the purchaser's possession date. No extensions will be granted.
- The voucher is valid to the purchaser(s) name as indicated in the sales agreement.
- Vouchers must be redeemed by the purchaser(s) and may not be transferred to or redeemed by any third party. In realtor-assisted deals, realtors cannot redeem the reward, as the reward only goes to the purchaser(s).
- Once this voucher has been collected by the purchaser(s), it will not be replaced or reprinted if lost, stolen, or misplaced.
- Vouchers are solely offered for promotional purposes and have no cash value. The voucher is non-refundable and non-transferable; it cannot be sold or transferred.
- This voucher must be used to purchase at least one (1) tree. The remaining value of the voucher is to be used on plant materials only.
- The purchaser(s) will be notified once vouchers become available for pickup from their builder's showhome. This offer may be combined with additional builder & developer promotions.
- The entire value of the voucher must be redeemed at one approved supplier and may not be divided among multiple suppliers or locations.
- Vouchers are only valid for a single transaction; any remaining balance will be forfeited.
- The purchaser(s) must present the physical tree voucher, a valid photo identification, and their completed grading certificate (where applicable*) at the garden centre in order to redeem their voucher.
- Prior to redemption, all questions and concerns regarding the voucher must be directed to the Qualico Communities Customer Care team email at customercare@qualicocommunities.com.
- If the homeowner encounters any issues after purchasing their tree and plant materials, they must contact their garden centre for assistance, not Qualico Communities.
